Seniors graduated in 2022	95+%
Percentage of first gen college students	70+%
Percentage of upperclassmen with college credits	60%

Sponsorship Opportunities

We are Chicago's first and only legal-themed high school. Our unique, high-quality, legal-themed curriculum prepares students to excel after graduation. Legal topics are infused into the core subjects and in extra-curricular, community-based activities. The legal content is the conduit to cultivate compassion, self-motivation, advocacy and reflection, so our students graduate with the skills to be advocates for themselves and their community. Since opening our doors in West Garfield Park in 2012, Legal Prep has graduated seven classes of seniors who have pursued college and post-secondary education.

Why Support Legal Prep?

Diverse professionals are vastly underrepresented in the legal and business community. While not all Legal Prep students will become lawyers, they will graduate with the skills that all great lawyers and leaders possess: excellent communication skills, critical thinking, problem solving and advocacy. Legal Prep's approach is working. In 2022, 95+% of Legal Prep seniors graduated, and 70+% were accepted into over 50 colleges and universities.

Donations can be made online at www.legalprep.org or by mailing a check to Legal Prep Charter Academies, 4319 W. Washington Blvd., Chicago, IL 60624.

Your Support Matters

As a charter school, Legal Prep must raise funds to cover the gap between the public funds received and the operating cost of providing a quality education for each child. In addition, Legal Prep must raise funds for capital improvements and to achieve its long term goals of increasing the pipeline of diverse students entering professional careers from Chicago's underrepresented neighborhoods.

Ways You Can Support Legal Prep

Annual or Monthly Donations – Support academic and extra-curricular programs.

Multi-Year and Major Gift Giving – Support long-term goals of (i) improving the physical facilities, (ii) providing intensive tutoring for freshmen students, and (iii) expanding the Legal Prep opportunity for additional students.

Foundation Grants – if your business offers grants or funding in the areas of education, law, STEM, community development, urban renewal, or diversity pipeline initiatives, we would appreciate the opportunity to apply for those funds.
